

# *Chez Pierre*

Presents ...

**Monday, October 7, 2024**

**12:00 – 1:00 pm**

**Duboc Room – 4-331**

## **Chez Pierre Seminar**

**Francisco Guinea, IMDEA Software Institute**

***"Superconductivity in graphene stacks."***

By now, superconductivity has been observed in a number of twisted and untwisted graphene multilayers. Superconductivity mechanisms and order parameters in different graphene stacks will be analyzed.
